

## RECORD OF SCHOOL EMPLOYEE EXAMINATION Tuberculosis Test

MCSE requires a tuberculosis (TB) test. If you have had this test performed within the last five years, we do not require you to take it again. Please provide a copy of those test results. If you have not had a TB test done within the last five years, schedule an appointment, print the TB Test form found on our website and have it completed and signed by the doctor or clinic performing the test. DO NOT run this through your health insurance; have the clinic bill MCSE directly. The cost of the exam is paid for by MCSE.

Contact Aspirus Occupational Health at 715-847-2812 to schedule an appointment in Wausau, Weston, or Stevens Point.

Contact Aspirus Occupational Health at 715-748-8100 to schedule an appointment in Medford at Aspirus Medford Hospital & Clinics Occupation Health & Wellness.

When you are at your appointment, remind them it is a direct bill to Marathon County Special Education.
